WE TREAT YOU LIKE OUR OWN

We are a one-of-kind multispecialty hospital from Ahmedabad, Gujarat. By Integrating the precision of modern medicine with the legacy of Ayurveda and yog, we aim to build a healthier & holistic community. With quality and ethics as our values, we stay transparent in every possible way to our patients.

Apart from the holistic nature of our practice, we house A-listed doctors from the healthcare industry of Ahmedabad. We might be known for our affordable healthcare services but under the veil of those services, we want to treat and care for patients like our own. We forge a strong doctor-patient relationship through our responsible care and holistic approach. We aim to become a symbol of trust and care in the healthcare industry of Ahmedabad.

**NEUROSCIENCE
DEPARTMENT**

NEUROSCIENCE DEPARTMENT

This Super-speciality department treats many complex neurological diseases and conditions. We offer the latest in neurology and neurosurgical care, including lifesaving, technically demanding procedures that help adults and children with complex and serious conditions. The use of CATH lab for interventional neurology procedures makes this facility an excellent centre.

Using our state of the art facility and Neuro Navigation System by Brain Lab, we pinpoint the exact issue which helps come up with a holistic solution. We treat many complex conditions such as epilepsy, brain stroke and others using innovative therapies and new techniques to help out patients.

NEUROLOGY

Our neurologists examine each patient for complex neurology diseases and conditions and provide treatment based on the observation. This observation is led by neurologistics and neurosurgeons in a collaborative manner to help come up with the most suitable holistic solution. 24x7 neurological emergencies Stroke ready team.

NEUROSURGERY

Supported by Neuro-Radiology services, Neuro-Intensive care facilities and medical and our Neurosurgeons treat patients in order to achieve excellent outcomes in neurological disease which matches with international treatment standards.

INTERVENTIONAL NEUROLOGY

Our specialised branch of the neuroscience department, interventional neurology encompasses a wide range of disorders that affect the brain Acute stroke (clot retrieval), AV malformation, aneurysms. Using specialized training in the use of minimally invasive, image-guided techniques, our interventional neurologists treat complex conditions.

COVERING ALL BRAIN-RELATED ISSUES

We offer a comprehensive service and care like no other when it comes to tending to various diseases.
