WE TREAT YOU LIKE OUR OWN

We are a one-of-kind multispecialty hospital from Ahmedabad, Gujarat. By Integrating the precision of modern medicine with the legacy of Ayurveda and yog, we aim to build a healthier & holistic community. With quality and ethics as our values, we stay transparent in every possible way to our patients.

Apart from the holistic nature of our practice, we house A-listed doctors from the healthcare industry of Ahmedabad. We might be known for our affordable healthcare services but under the veil of those services, we want to treat and care for patients like our own. We forge a strong doctor-patient relationship through our responsible care and holistic approach. We aim to become a symbol of trust and care in the healthcare industry of Ahmedabad.

DEPARTMENT OF ORTHOPAEDICS & JOINT REPLACEMENT

CENTRE OF EXCELLENCE ORTHOPAEDICS & JOINT REPLACEMENT

This department qualifies as not only one of the most important departments at SGVP Holistic Hospital but also as one of the finest orthopaedic departments with an extremely skilled & highly experienced team. This department focuses on various conditions affecting the bones, joints and backbones by providing accurate diagnosis, apt treatment and surgery whenever necessary. At SGVP, we follow a collaborative approach, keeping up-to-date with the latest medical research, and working with SGVP's cutting-edge technology, our orthopaedics have created a truly holistic model of patient care.

To ensure the highest quality of treatment to be given to the patient, we use BMD and DEXA scan Machines for diagnosis. Among the department's many subspecialties, there are adult reconstruction, sports, paediatrics, trauma, foot, elbow, hand, spine, shoulder, and orthopaedic cancer. They also help alleviate pain and fasten healing by adopting minimally invasive procedures wherever possible. Our doctors are committed to improving the lives of people with bone or joint issues; they develop new and unique solutions for patients, in turn improving their healing process, speeding their rehabilitation, and improving overall outcomes.

ROBOTIC MICROPLASTY & ROBOTIC KNEE REPLACEMENT

AS THE PROBLEM OF KNEE ARTHRITIS PROGRESSES SLOWLY BUT STEADILY OVER A PERIOD OF TIME, TECHNOLOGY ALSO KEEPS ITS PACE BUT WITH MUCH GREATER SPEED TO HELP MANKIND. HISTORICALLY EVOLUTION HAS OCCURRED IN IMPLANTS, INSTRUMENTS, MINIMALLY INVASIVE SURGERY AS WELL USE OF COMPUTERS IN THE LAST FEW YEARS. ROBOTIC SURGERY IS THE FINEST AND MOST ADVANCED TECHNOLOGY TO GET THE MOST REPRODUCIBLE RESULT FOR EACH PATIENT.
